## ATTENTION MARCHING REBELS!

In preparation for the 2018 spring band concert, we are asking that each section of the band help with silent auction baskets. Each section has been assigned two themes. You will need to put together your baskets, as a group, to be auctioned off at the concert. We ask that the total value of each basket be at least \$25-30.

You may donate items to go into your basket yourself. However, we highly recommend that you get out in the community and ask for donations. These can be from local businesses and independent distributors, such as Mary Kay, Young Living, Pampered Chef, etc. Danville/Boyle County is a tight-knit community that strives to support each other and our small, "hometown" feel. Local business owners often feel honored when asked to support the youth in their community. When asking for donations, make sure you invite them to the spring concert. Let them see who and what they are supporting!

Below is a list of sections and the themes they have been assigned. There is also contact information for an adult who is "in charge" of each section's baskets. Please contact that person for questions, ideas, and/or instructions. Completed baskets will need to be turned in to that person no later than April 10<sup>th</sup>.

In appreciation of your hard work, we are also offering a prize. The section who earns the highest bid on their basket will be provided with pizza and drinks one day during band camp. Make this something fun. Get together, get creative, and get busy! Thank you for all you do as members of our band family!

### **Pour it on, Rebels!**
